

DOMAINE JOSEPH BURRIER

RECENTLY CREATED, THE DOMAINE JOSEPH BURRIER PROPOSES, IN ADDITION TO CHÂTEAU DE BEAUREGARD, SOME OF THE BEST TERROIRS FROM THE SOUTH OF BURGUNDY, IN THE MÂCONNAIS/BEAUJOLAIS REGION.

CHIROUBLES

"Saint-Roch"

DESCRIPTION OF THE TERROIR

We are in the South of the great Burgundy, where the 370 ha of Chiroubles lie between the Fleurie and the Morgon crus. Chiroubles is in average the highest of the ten Beaujolais crus, some of its vineyards culminate at 610 m. It's also the only cru which soils are 100% granite. 'Saint Roch' with its little chapel, is a recognized single vineyard facing East/South-East at 500 meters of altitude. Here our vineyard lays on thin granit soils; rocky and sandy without clay alteration.

VINES AND VITICULTURE

Grape variety: Gamay 100%.
Average of the vines: 45 years
Strict control of the yields, viticulture respectful of the environment, hand harvest..

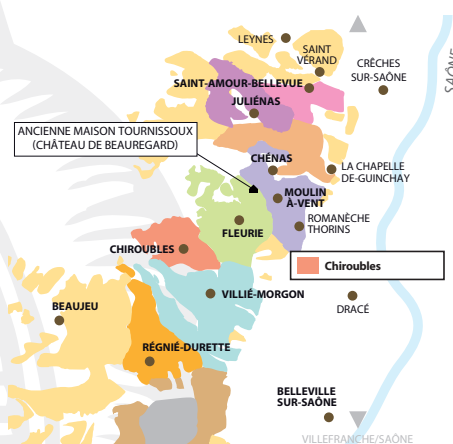

WINEMAKING AND DESCRIPTION OF THE WINE

Hand harvested at optimum maturity, the grapes are systematically sorted on a vibrant table. Our traditional winemaking aims to reveal our terroir's typical expression, opposite to modern style of 'primeur' wines. After a partial destemming, the maceration will last 7 to 10 days depending on the vintage, with pigeages (punching of the cap) and remontages (pumping-over). The end of the fermentation and the aging are made in 'Pièces' (228l burgundian oak barrels) and last 9 to 11 months.

Our Chiroubles 'Saint Roch' reveals a deep ruby colour, and red berries and cherry on the nose. The medium body mouth expresses red fruit flavors and some spicy notes. The finish is smooth, sappy and nicely persistent. Keeping potential: 3 to 5 years.

FOOD MATCHING

Serve between 14° and 17°C in convenient glasses. Our Chiroubles 'Saint Roch' will perfectly match with delicatessens, grilled red meats, poultry, game birds, 'coq au vin' and not too matured cheeses.
